## ***Your Source for Human Factors Training!***

**The Aviation Consulting Group is a proud sponsor of the AMT Society and we offer a 10% discount to AMT Society members on any of our HF courses scheduled throughout the year. We can also come to you!**

The Aviation Consulting Group is a worldwide leading provider of human factors training for aircraft maintenance. We have trained thousands of AMT's and their managers both in the United States as well as internationally.

### Courses Offered

- Human Factors 3-Day Train-The-Trainer
- Human Factors 2-Day Initial
- Human Factors 1-Day Recurrent

### Courses Are-

- Approved by FAA/EASA and CAA's worldwide.
- Approved for FAA I/A renewal (full 8 hours). FAA training course number: **C-IND-IM-090406-K-006-01**.
- Approved for FAA AMT Awards Program (16 hours).
- Research driven content that is condensed into practical, everyday applications (i.e., less theory and more "stuff you can actually use").
- Offered on a scheduled basis at our location. Or, courses can also be conducted on request at customer locations.
- Taught by highly qualified facilitators who promote learning by the use of PowerPoint presentations, anecdotal examples, case studies, videos, open discussions, and group exercises.
- Presented in a logical and modular fashion.
